

South Africa

Northern & Western Cape Province

16.10 – 09.11 2012

By Jens Hjerrild Hansen, Denmark

Itinerary

Location	Dates	Name	SASOL
A	16,2,9	Cape Town Peninsula – Table Mountain NP, Simons Town, Kommetjie, Rondevlei, Strandfontein	3,4,6,7,8
B	17,18,19	West Coast NP, Cape Town to Velddrif via R45 and Bergrivier	19,22
C	20,21	Cape Town to Springbok via N7	
D	21,22	Springbok to Aggeneys via N17, Koa Dunes, Namies, Pofadder, Onseepkans	53,54
E	23,24	Upington to Twee Rivieren via R360, Kalahari Gemsbok NP (Kgalagadi Transfrontier Park)	59,60
F	25	Orange River from Upington to Neilersdrif via R359	61
G	25,26	Central Bushmanland – Brandvlei Area and R27 from Kenhardt to Calvinia	50,51
H	26,27,28	Calvinia to Tanqua Karoo NP via P2267, Gannaga Pass and P2250, Skitterykloof	28,30,31
I	31,1,9	Betty's Bay, Harald Porter Botanical Garden, Kleinmont, Sir. Lowry's Pass	11,13
J	3	Pelagic Birding Tour with Cape Town Pelagics	
K	4,5	Agulhas Plain's – Swellendam to Malgas and Infanta, Grootvadersbosch NR	36,40,42
L	6,7,8	Overberg – Wilderness NP and Knysna Area	43,44

The SASOL numbers is referring to the site numbers in Southern African Birdfinder by Callan Cohen, Claire Spottiswoode, Jonathan Rossouw

Birdlist

The total number of different birds seen on 23 days of birding in the two South African provinces ended up round 300 species

I guess a dozen or more species is missing do to lack of knowledge of their voices. Especially owls but also several forest birds like Yellow-Throated Woodland Warbler or Fynbos specialist like Knysna Warbler and Victorin's Warbler. With a little more effort and attention one the northern migratory waders at Velddrif and West Coast National Park a couple more species such as Curlew, Bar-Tailed Godwit and different sandpipers might have been on the birdlist as well

Most sought after species which was not seen include African Black Duck, Chestnut-Banded Plover, Ground Woodpecker, Pink-Billed Lark, Sclater's Lark and Karoo Eremomela. The most common and widespread species that surprisingly was not seen must be Cape Penduline-Tit

Notes - Selected species:

African Penguin	The breeding colony at Stony Point in Betty's Bay is much better than Boulders Beach, Simons Town
Yellow-Nosed Albatross sp.	Only young non-separable birds were seen on the Pelagic Tour
Bank Cormorant	15-20 breeding pairs on a sea rock app. 5 km. south of Simon's Town
Goliath Heron	1 adult bird seen at Rondevlei
Hamerkop	1 bird flying over at waterpond near the junction toward Malgas from Buffeljagrivier N2
Hottentot Teal	6 birds seen at the coastal estuary of Wilderness National Park
Verreaux's Eagle	1 imm. bird flying with prey over Sir. Lowry's Pass
Black Harrier	1 adult bird seen flying low in West Coast NP. 1 adult bird mobbing a Jackal Buzzard near Swellendam
Common Ostrich	Wild population scarce. Introduced birds common especially in Western Cape. Also farming bird
Blue Crane	Common in the Swellendam Area. Several smaller groups with up to 42 birds. Day max app. 100 birds
Secretarybird	3 birds seen in Kalahari Gemsbok NP. 1 bird on nest in a flat Acacia near Tanqua River - P2250 km 45
Kori Bustard	2 birds seen in dune area with Acacia trees short after the short cut from Dikbaardskolk to Kamqua
Denham's Bustard	9 birds – 3x2 and 1x3 – seen in the most green fields south of Swellendam
Ludwig's Bustard	16 birds seen along N7 from Cape Town to Bitterfontein. Look for the most green fields and pastures
Burchell's Courser	A group of 4 adult birds and 2 pairs with both one big pull. seen along P2250 at km 7-9 and 56
Burchell's Sandgrouse	More than 50 birds seen very well together with Namaqua Sandgrouse at waterponds in the morning
Knysna Turaco	Common and easily seen in the Wilderness National Park
Knysna Woodpecker	1 bird seen early morning on both 7/11 and 8/11 in the Wilderness National Park
Karoo Lark	Especially along P2267 in the Tanqua Karoo National Park
Red Lark	2 birds seen at Koa Dunes and several birds in the deserts around Brandvlei
Eastern Clapper Lark	A few birds seen in high song flight along R360 from Upington to Twee Rivieren
Cape Clapper Lark	Subspecies marjoriae seen and frequently heard in the Agulhas Plain's above red stony fields Subspecies apiata seen and frequently heard high in the sky along N7 north of Bitterfontein
Agulhas Long-Billed Lark	5 birds seen between Malgas and the T-junction to Witsand on the dirtroad from Buffelsjagrivier
Cape Rockjumper	1 pair seen at Gantouw's Pass on 1/11. 2 males and 1 female present in the same area on 9/11
White-Starred Robin	1 bird came very close as reaction on "phissing" near the Waterfall on the Giant Kingfisher Trail
Cinnamon-Breasted Warbler	1 bird seen in a steep gorge in the mountain range near Gannaga Pass – P2250, Tanqua Karoo NP
Brown-Crowned Tchagra	1 bird came out of some scrub in a nice Acacia wooded area 30 km. past Molopo Kalahari Lodge

Numbers & Score

The number codes in the birdlist is the maximum of birds seen in one day on each location

1: I 1	4: IIII 10-20	7: IIIIII 100-250	10: IIIIIIII 1000 +
2: II 2-5	5: IIIII 20-50	8: IIIIIII 250-500	
3: III 5-10	6: IIIIII 50-100	9: IIIIIIII 500-1000	

The total score in the birdlist is a multiply of the number of sites and the number of birds

Note that the number code “I” is counting 1½ !

Example 1: Species 144 – Burchell’s Coucal

- Seen on 3 different sites: Total score is calculated as: $3 \times 1\frac{1}{2} \times 1\frac{1}{2} \times 1\frac{1}{2} = 10$

Example 2: Species 152 – White-Backed Mousebird

- Seen on 6 different sites. Total score is calculated as: $6 \times 3 \times 2 \times 1\frac{1}{2} \times 3 \times 2 \times 4 = 1296$

The colour scale is a result of the total score indicating how widespread and common the different species were on the birding tour
